Police - 235-0670

Public Utilities - 632-5667

Dir. of Dev. - 632-1422

Chris Mendola has managed the property at 122 E. Julie in Shiloh for the past five years. The city purchased the property with the intent to integrate it into our elementary school campus across the street.

Needless to say, with elementary school children at close quarters, tenant selection was a prime concern of the city council. Chris has done an outstanding job in this regard. Not only has he placed excellent tenants in the property, he's also made wise improvement decisions that have made the property a sound financial investment for the city.

Chris has been in the property management business for seven years and manages numerous properties in Shiloh. These have been well maintained and have always had stable, responsible tenants in them. I highly recommend Chris as a property manager that looks at more than just the bottom line. He has a sense of responsibility and community mindedness that few in his profession carry.

Sincerely,

Mayor Norman R. Acker
