Dear Chris:

Thanks for all your help and professional advice in the acquisition and preparation of our investment property on Stingray. It was our good fortune to hook up with Bob Doussard and his recommendation that Christone was the "go-to" property management firm. I have written to Bob about the great service from all of you at the Christone team.

Also, thanks for the great service on helping us get the property ready. Jim did a great job on the painting, Chip a great job on the yard, and your flooring crew did a wonderful job on the carpet and vinyl. Thanks for all the pictures to add to our file. And, you found a tenant for us in record time.

It sure has been a pleasant experience to work with Christone. As a fellow REALTOR® I know what service is and you and your team deliver on service.

Please consider Liz and I as one of your happy and satisfied clients.

Sincerely,

A handwritten signature in blue ink that reads "Mike".
