

HOME PROTECTION PLAN OVERVIEW

*Exploring coverage for your
home systems and appliances.*

Repairs happen. Be protected.

A CHRISTONE ENTERPRISES SERVICE PROGRAM

WHAT IS A HOME PROTECTION PLAN?

A home protection plan is simply a one-year service agreement for the repair or replacement of your covered home systems and appliances that typically break down over time.

Home protection plans should be considered for single-family homes, condominiums, townhouses and even multi-family properties.

Nobody likes surprises when it comes to household breakdowns and big expenses. But breakdowns are inevitable and can happen at the worst times. A home protection plan allows you to manage the expense and minimize the hassle.

Unexpected breakdowns happen without warning.

Protect your budget today.

Protect yourself today with a Christone Enterprises Home Protection Plan.

The Christone Enterprises Home Protection Plan is a simple and affordable way to help manage repair and replacement expenses.

The Christone Enterprises Home Protection Plan covers the repair and replacement of the home system components and appliances specified as covered in the contract in the event such items malfunction during the term of the contract due to a cause specified as covered in the contract. To review a copy of the contract that details specific coverage, exclusions and limitations, please call Christone Enterprises. Service plan covers single-family homes under 6,000 sq. feet. The Trade Service Deductible applies to the initial visit by a service contractor for each covered trade. This initial fee covers any additional service contractor visits required for the same breakdown within 60 days of the original service date. Additional charges may apply for some repairs and replacements. Christone Enterprises may offer you cash in lieu of repair or replacement in the amount of expected cost to repair or replace an item, which in most cases may be less than retail cost. When making replacements, Christone Enterprises will install system components and appliances with similar features, capacity and efficiency but not necessarily the same dimension, color or brand. Items not designated by the manufacturer for residential use are not covered. Refer to contract for state-specific cancellation provisions.
